

Daily diabetes care made easier with OneTouch Reveal™ Plus

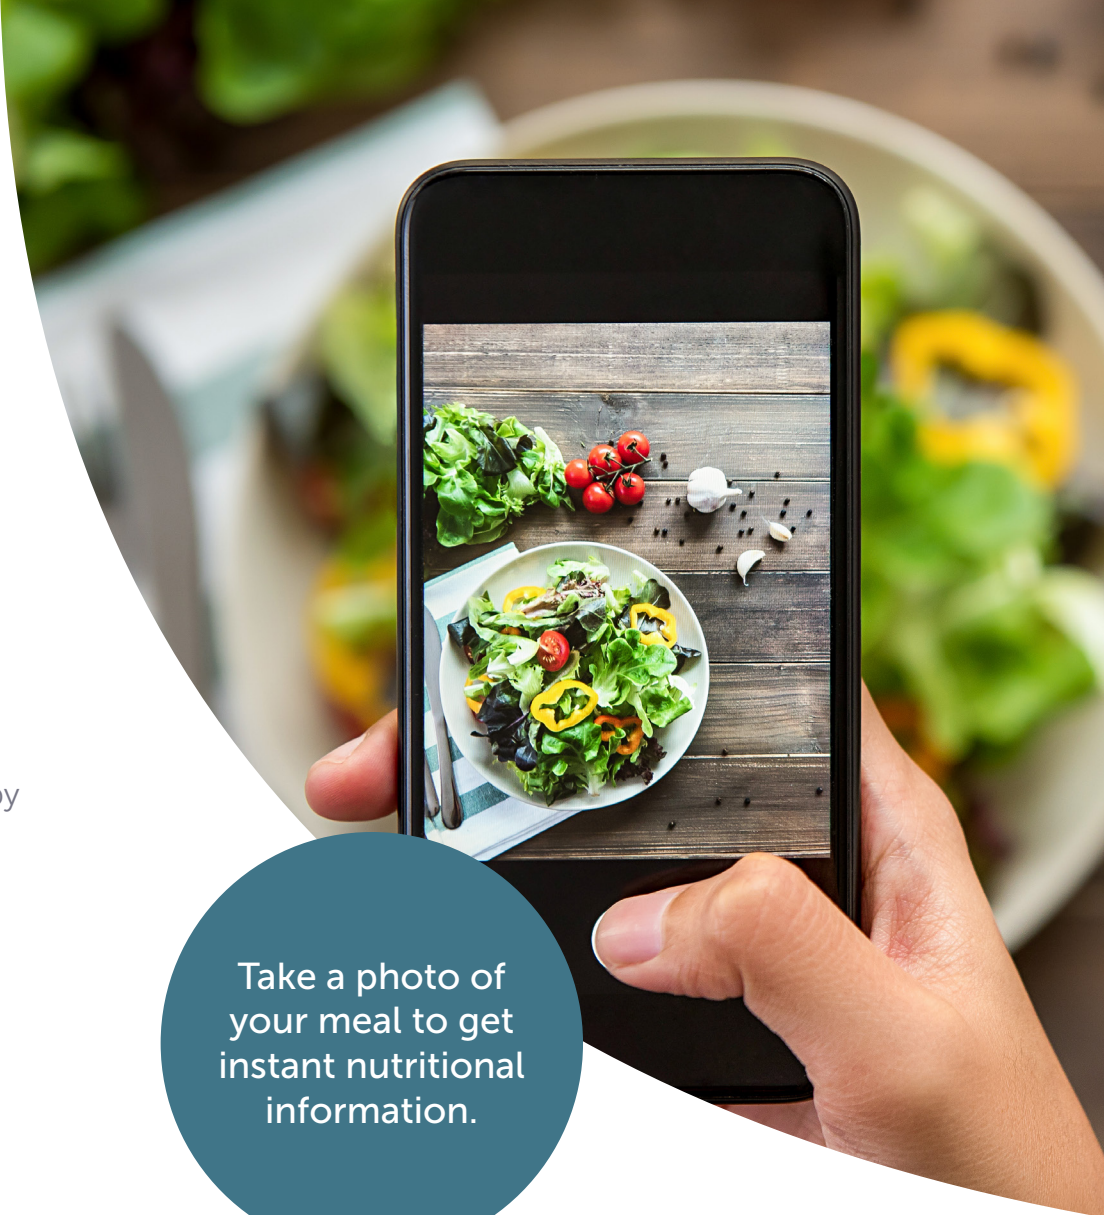

Managing diabetes is easier when you have a support system. And now you have one that fits in your pocket.

The OneTouch Reveal Plus mobile app offers digital coaching to help you fit diabetes management seamlessly into your daily routine.

When paired with a blood glucose (BG) meter, it offers personalized feedback to help make diabetes self-care easier by testing blood sugar remotely.

- Check blood glucose readings and get guidance on how to stabilize them
- Find food choices within the right carb range—including the ability to take a picture of a food item or scan a barcode to see its nutritional value
- Explore how activity can affect healthy targets
- Set up reminders to take medication
- Share progress with doctors or other health care providers
- Ask certified diabetes educators for help
